County Clerk announces new mobile elections app

FREEHOLD, NJ – Monmouth County Clerk Christine Giordano Hanlon is pleased to announce the launch of the new and free mobile app, Monmouth County Votes, available for download in the Apple App Store and Google Play Store.

The app is designed to give voters easy access to all information regarding elections and voting.

Users can find out if they are registered to vote and download voter registration and vote by mail forms from the convenience of their smart phone. By scrolling through the app's menu, voters can also find their polling place, access sample ballots, and view election results.

“Monmouth County Votes utilizes modern technology to engage more citizens in the democratic process and to make information readily available to voters,” said Hanlon.
